Lobby Your Senator For Tibet

1950 To 2016 66 Years Of Tibetan Resistance To China's Tyranny

As Tibetans continue to struggle for their national independence and cultural survival this year it's important as ever to call upon Governments to recognize the political aspirations of the Tibetan people.

Take A Stand With Tibet

It is also very helpful to ensure that your Senator understands that Tibet was an independent nation, which has been illegally occupied.

Two Important Actions That Can Really Help

Contact your Senator via this link: <http://www.contactingthecongress.org/>

Send them this document link on the facts about Tibet's independence

Please request your Senator to submit this written question to *Secretary Of State*, John Kerry

Will the Secretary Of State acknowledge that Tibetans inside Tibet are protesting against Chinese rule, and as well documented media and eyewitness reports testify, are demanding independence?

Thanks for your support.
