Attention Of
Chris Zapata
City Manager
San Leandro

Dear Chris,

We have a number of questions regarding your role in proposing amendments to city policy of Flag raising and would be most grateful if you will kindly address these.

1. Will you confirm that your office made the following recommendation which was debated during the March 17 City Council meeting:

"Additionally, the City Manager recommends that the decision to raise such special designation flags or flags of foreign nations rest solely with the City Council. As such, the policy should be revised to remove the City Manager from the approval process."

2. Will you please clarify on what basis did the City Manager decide to propose such amendments?

3. Can you kindly confirm if you were lobbied by Council Members on this issue prior to making your recommendations?

4. In setting out these proposals can you confirm please if your office has operated within its remit?

5. Does your office's administrative jurisdiction extend to drafting recommendations to alter wording of present policy?

6. What authority does your office possess to propose policy changes?

We look forward to what is hoped will prove a helpful and constructive response.

Yours for tibettruth

Attention Of
Chris Zapata
City Manager
San Leandro

Dear Chris

We sent an email to your office on Tue, Mar 25, 2014 at 11:41 AM asking for your response to a number of questions. For some reason we have had no response and wonder if perhaps for some technical reason our communication was not received by you, so we are forwarding it for your attention and trust on this occasion you may address the issues we present.

Our original email follows below:
